📞 702.292.8678

🌐 www.drod702.com

I am a self-taught Front end developer with a Bachelors of Science Degree in Visual Effects & Motion Graphics. I've always found coding intuitive and have pushed myself to learn at the most effective ways to achieve a result.

I'm a fast learner and can quickly integrate into a team so I can provide value to the company.

Technical Experience

KAHT Beauty LV (<https://www.kahtbeautylv.com>)

- Created and develop the front end, working with the client for the design needed to promote the business side and show off the portfolio of work.

HTML, CSS, Javascript

Expense Tracker (<https://drod702.github.io/expenseTracker>)

- An "Expense Tracker" app to keep track of income and expenses. Add and remove items and save to local storage by utilizing "localization" in Javascript.

HTML, CSS, Javascript

Hangman Game (<https://drod702.github.io/hangmangame>)

- Based on classic "Hangman" game where one has to guess for the hidden word by inputting letters. If you guess a wrong letter, it will display hangman figure using SVG.

HTML, CSS, Javascript

Instagram Clone (<https://instagramclone-85091.web.app>)

- A clone of one of the famous social media platform while learning ReactJS javascript library. Utilizing Google Firebase as a backend.

ReactJS, Firebase

Form Validator (<https://drod702.github.io/formValidator>)

- Simple client side form validation. Check required, length, email and password match

HTML, CSS, Javascript
